

Beliefs and Values

Duello Beliefs:

We believe family involvement increases student success by fostering an environment that promotes communication, support, and reinforcement.

We believe through collaboration and dedication to common goals, our faculty/staff will increase student achievement.

We believe a community invested in the education of its children creates a literate, globally aware citizen.

We believe through the use of a variety of approaches we can meet the needs of each individual student.

We believe students who have a strong social, emotional, and academic foundation will develop into productive ethical citizens.

Duello Values:

Learning- Equipping students, staff and community to apply skills and knowledge necessary to compete in a changing world

Community- Respecting the stakeholders' perspectives as we create a world class education

Excellence- Fostering a culture which supports the highest level of individual success

Commitment- Dedicating ourselves to make courageous decisions and provide resources for the continuous improvement of Duello Elementary in the Wentzville School District
