

Wentzville School District Social Media Guidelines

The purpose of the Wentzville School District's [Facebook](#) and [Twitter](#) accounts is to share information with our community and facilitate two-way communication and an ongoing dialogue about our schools and our students. We encourage your comments; your ideas and concerns are important to ensure that a broad range of stakeholders are active and informed participants in the discussion. The Wentzville School District reserves the right to modify this policy at any time and expressly reserves the right to remove postings from its pages if postings violate the Acceptable Use Guidelines, below, or are generally inconsistent with the established purpose of the page.

The Wentzville School District expects that participants will treat each other, as well as our District, our employees, and our students with respect. Postings may be removed if they fall into any of the follow categories:

- Contain or link to vulgar or abusive language/graphics, personal attacks of any kind, or offensive terms that target any protected class or group
- Promote services or products (non-commercial links that are relevant to the post or comment are acceptable)
- Are unrelated to the purpose of the District's page, or are clearly "spam", including duplicate posts
- Reference employees, school board members/candidates, or students by name or other personally identifiable information, including photographs
- Break the law, including possible violations of copyright and fair use laws
- Pose the risk of a substantial and material disruption in the educational environment

To protect your own privacy and the privacy of others, please do not include personally identifiable information, such as name, Social Security number, addresses, phone numbers or email addresses in the body of your comment.

Every effort will be made to address questions you post for the Wentzville School District via social media outlets, but to ensure your questions are addressed please call (636) 327-3800 ext. 20352 or email info@wsdr4.org
