

Electronic Report Cards

In an effort to save costs and improve timely communication, the District will begin to send all progress reports and report cards home electronically to parent email addresses on file. This change will begin with the next progress report, which will be generated the first week of February. If a parent does not have an e-mail address on file, the report card will either be sent home with the child or it will be mailed home. If a parent does have an e-mail on file but would still like a hard copy of the progress report or report card, please contact deborahwilke@wentzville.k12.mo.us to make this request. This request must be made in writing; no verbal requests will be accepted.
